### Sminki I

Midnight Bundle of fur and claw  
Rubber legs cloaked in burr  
Silk Pot belly a twilight peach  
Suckle and bite whatever's in reach

Coal black, jet and shade  
Manic tail weaves unafraid  
Ears pricked any sound to hear  
Paws scramble to claim what's near

Throat clears, squeak then roars  
Body rolls, belly shows  
Legs arch stretch and strain  
Purr erupts in glorious refrain

Curl, squat, stretch and bite  
Scratch at random without sight  
Blue Black eyes not yet recognition  
Sniff and smell his main cognition

Days pass, mass increases  
Eats aplenty oh the faeces  
There is no doubt all are smitten  
By the joy of life of this kitten
